We, Audifon, hereby request to update the FCC/IC listing of the product Multistreamer.

FCC ID: YU2-MS1
IC: 9284A-MS1

We hereby declare the product Multistreamer is defined as bodyworn equipment. Therefore the tests were repeated in the corresponding testsetup for body worn equipment as defined in ANSI C 63.4 2009

Furthermore we declare that there are no changes in the already approved hard- and software except the ferrite core on the neck band has been removed.
